**RECOMMENDATION LETTER**

We hereby confirm our successful cooperation with **KSK IT** in connection with projects involving the setup and technical implementation of online casino studios in the **Czech Republic, Spain, and Armenia**.

As part of this cooperation, KSK IT specialists provided a comprehensive range of services, including:

- design and configuration of network infrastructure;
- implementation and configuration of **FortiGate** and **Aruba** solutions;
- **24/7** technical support of the infrastructure;
- regular preventive maintenance;
- preparation and maintenance of technical documentation;
- consulting and assistance with the selection and procurement of the required equipment.

The work was carried out professionally and in accordance with the agreed requirements. Throughout our cooperation, the KSK IT team demonstrated the necessary technical expertise, responsibility, and ability to ensure the stable operation of business-critical IT infrastructure. We are satisfied with the results of our cooperation and are pleased to recommend **KSK IT** as a reliable partner for the implementation of IT infrastructure projects, as well as for ongoing technical support and maintenance.
